WASHINGTON, D.C. 20505

22 July 1983

Mr. Reginald Griffith  
Executive Director  
National Capital Planning Commission  
1325 G Street, N.W.  
Washington, D.C. 20576

Dear Mr. Griffith:

As you remember, at the public meeting held at CIA on 28 June 1983, we agreed to provide for more direct involvement of local citizens in the road design effort accompanying our planned expansion. The purpose of this letter is to request the participation of your representative on an advisory committee consisting of CIA, McLean citizen, Park Service, National Capital Planning Commission, and Virginia Department of Highways and Transportation representatives.

The purpose of the committee will be to ensure that all expressed concerns are being addressed in the traffic analyses and subsequent road design associated with CIA expansion. Since the Commission will continue to play a substantive role in development of this project, we believe your representation on this committee will be mutually beneficial.

The initial meeting of this group is projected to occur in early August. Therefore, a telephonic response to this request is acceptable. I may be contacted on [redacted]

Sincerely,
